Local Home Builders Partner to Build Houses with Flower City Habitat for Humanity

Reaching out to those in need of a home is what Habitat for Humanity is about and Pride Mark Homes is volunteering their time and expertise to this worthy cause. Pride Mark, Morrell Builders and The Inde Design Studio

Homes will be volunteering at Habitat sites this month. Habitat for Humanity believes that no matter who you are, or where you come from, everyone deserves a decent place to live. They partner with people to help them build or improve a place they can call home. Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage. The successes of Morrell Builder, Pride Mark Homes and The Inde Design Studio in providing homes for so many life styles will now be shared with Habitat communities.

Morrell Builders Owner Jeff Morrell said, "We are all thrilled to take a little time away from our daily work responsibilities to build with Flower City Habitat for Humanity. As builders, their program of partnering with families to create an affordable home-ownership opportunity is near and dear to our hearts- their moto says it all - through shelter, we empower ourselves, our neighbors, and our community. We can't wait to get started!"
